$156	**Funds to be donated/raised per week**

Note: When parents are working on campus for the Academy, they will make arrangements for younger children just as they would for a paid job. Likewise, parents will dress nicely/professionally when representing Woodruff Academy to the public, children, and/or staff on campus in any capacity. A timesheet will be provided at the door for parents to indicate when they are working for credit. They should not sign in until they have finished visiting and are ready to go to work. Volunteer work is truly only volunteer work when one accepts the responsibility as if he/she were paid monetairly. This dependability and quality in a work ethic is indeed a sign of integrity. We thank you for all you do for your children at WA.
